

ARUN KUMAR M | Front End Developer

Mobile : +91 6369084994 | E-mail : arunaakash114@gmail.com | Address : 4/11, Coimbatore-641048

CAREER OBJECTIVE

Experienced and detail-oriented Front-End Developer with 1.5 years of hands-on expertise in building responsive and user-friendly web applications. Proficient in React.js, Angular.js, and Ionic framework, with a keen eye for design and a passion for delivering high-quality user experiences. Adept at translating design concepts into efficient, maintainable, and scalable code. Proven ability to collaborate with cross-functional teams and adapt to evolving technologies. Excited to contribute technical skills and creativity to innovative projects in a dynamic work environment.

WORK EXPERIENCE

Altius Technologies | Coimbatore Tamilnadu - 641011

Dec 2022- Present

Front End Developer :

- Develop and implement user-friendly web interfaces using React.js, Angular Js, Ionic Frame Works
- Collaborate with cross-functional teams to design and implement new features.
- Write clean, efficient, and well-documented code.
- Optimize web applications for maximum speed and scalability.
- Stayed up-to-date with the latest front-end technologies and trends.

Barani Hydraulics India Private Limited | Coimbatore Tamilnadu - 641011

June 2019 – Sep 2022

Project Engineer :

- **Project Planning:** Developed and implemented project plans that defined the scope, schedule, and budget of projects. Worked with cross-functional teams to identify project requirements, prepare project plans, and monitored progress to ensure timely delivery.
- **Design and Development:** Designed and developed manufacturing processes, equipment, and tools that improved efficiency and productivity. Conducted feasibility studies and cost-benefit analyses to determine the best manufacturing solutions.
- **Team Management:** Managed cross-functional teams, including engineers, technicians, and machinists, to ensure projects were completed on time, within budget, and to customer specifications.

TECHNICAL SKILLS

- React Js - Version 18
- ES6 + JavaScript
- HTML 5 & CSS 3
- React Router, Redux
- Angular Js - Version 17
- TypeScript & Build tools
- Node Js
- UI/UX
- Ionic Framework -Version 7
- Cordova, Capacitor
- Android studio & IOS
- Jest, Karma

EDUCATION

Bachelor of Mechanical Engineering

August 2015 - April 2019

Jai Shriram Engineering College | Tiruppur

CGPA - 7.62 | First Class

Higher Secondary School

April 2014 - March 2015

Bishop Ubagaraswamy School | Tiruppur

Percentage - 78 %

PROJECTS

Financial App - Ionic Framework with Angular Js

- **Financial Application Development:** Spearheaded the development of a robust financial application using the Ionic framework. Leveraged the versatility of Ionic to achieve seamless cross-platform compatibility, ensuring a consistent user experience across devices.
- **Powerful Features Integration:** Successfully integrated powerful financial features into the application, providing users with comprehensive tools for effective personal finance control. Contributed to real-time updates and secure financial management functionalities.
- **User-Friendly Interface:** Designed and implemented a user-friendly interface, prioritizing a smooth and intuitive user experience. Focused on enhancing accessibility and usability for a diverse user base.
- **Technological Proficiency:** Demonstrated proficiency in Ionic Framework, JavaScript, Angular, HTML, and CSS throughout the development lifecycle. Applied advanced technical skills to address complex financial requirements.
- **Essential Financial Tool:** Positioned the application as an essential tool for users, combining cutting-edge technology with robust financial capabilities. Played a key role in creating a solution that empowers individuals to take control of their personal finances effectively.

Commercial Websites - React JS

- **Front-End Leadership:** Celebrating a one-year anniversary, I led the development of a commercial website, showcasing my expertise in React.js and JavaScript. By implementing a React.js component-based architecture, I crafted a dynamic and user-centric platform.
- **User-Centric Design:** Skillfully combined React.js and JavaScript to achieve a responsive and visually appealing design, ensuring a modernized and engaging user experience. Prioritized dynamic content presentation for an enriched online interaction.
- **Performance Enhancement:** Leveraged React.js and JavaScript versatility to enhance the website's performance, contributing to a robust interface. Successfully optimized load times and responsiveness, elevating overall user satisfaction.
- **Cutting-Edge Technologies:** Demonstrated proficiency in HTML, CSS, and Material-UI (MUI) to create a compelling online experience. Applied cutting-edge technologies to stay at the forefront of web development trends.
- **Reflective Achievement:** Reflecting on the past year, this project highlights my commitment to utilizing innovative technologies for creating impactful online experiences. The commercial website stands as a testament to my skills in building and maintaining dynamic web platforms.
